

Learning together...

Curriculum Area: Social – Emotional

Recommended for: 2 years plus

Learning Activity: Hide and Seek

Big Idea:

Play Skills

What to do:

Hide in your house and wait for your child to find you. Reverse the roles, where your child hides and you find them.

Benefits:

'Hide and Seek' engages children in one of their first experiences of playing a game with rules, whereby all participants follow a predictable sequence of actions. In this game, children are involved in counting, seeking a hiding place of the right size, and waiting in anticipation to be found.
